The element of alchemy, passion, power, dynamic energy and transformation. It sustains by giving warmth, courage, comfort and protection. It purifies with annihilation and destruction. It symbolises freedom, will power, the light of truth, creativity, life-force, love, divine inspiration and spiritual enlightenment. Its elemental beings are Salamanders.

८८८८८

The element of wisdom, intuition, intelligence, communication and higher power. It is associated with the breath of life, perception, knowledge, philosophy, renewal and change. It enhances the imagination, offers insights and inspires creative thinking. It encourages movement, new beginnings, harmony and balance. Its elemental beings are Fairies.

nether

The Element of Pure Space and Sonic Frequencies, it is associated with the celestial realms, sound waves and the astral planes. It is connected to vibration, resonance and harmonics. It is the fifth element of communication and creation.

void

This is the Element of Pure Potential, the Quantum Field, the Unlimited and Vast. It is from where all creation is born. It is both Everything and Nothing, the darkness before the light, the No-thingness with the richness of the Cosmic Womb. Potent and fertile with possibilities and opportunities.

spirit

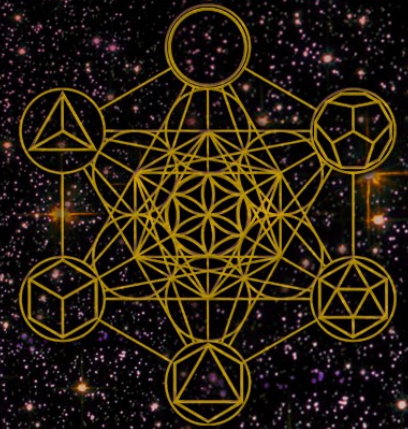

This is Cosmic Consciousness, the Thousand Petaled Lotus. It is Pure Energy, the Holy Light of Truth, connecting us to Father Sky, Wakantanka, (great mystery) and the Heavenly Realms. This is the home of the ascended ones, the masters and the ancestors; it is the Spirit World beyond the Veil. This is the Cool Flame of Awareness and the Flaming Torch of Enlightenment.
